SPORTING NEWS

JOHNSON IN JAIL FOR "SWIPING" ANOTHER NEGRO ON THE "SNOOT"

Jack Johnson has been in jail again. This time it is not news, for Jack has been in jail so much since he whipped fat little Tommy Burns that his arrests fail to carry any weight with the reading public. This time it was in New York. Jack took a friendly punch at one Nate Pinder, a negro of about Johnson's complexion who had been basking in the reflected glory of the black champ when he was rudely awakened from his dream by receiving a friendly little fistclout on the snoot.

No "gen"man would do such a rude thing. Nate immediately rushed to the police station and had Johnson arrested charged with felonious assault on his snoot. "Pinder" says he was not taken to the night court. This little incident happened at night. It began to look as if Johnson would have to spend the night in the lockup. It would be necessary to get a magistrate out of bed. George Little, Johnson's manager, rushed around in a circle until he saved his protegee from disgrace by getting the required magistrate to fix the necessary papers.

The bond was fixed at \$1000, the amount of which Johnson peeled from a roll as big as an elephant's ankle, which he totes around with him for just such emergencies.

JACK JOHNSON'S PRESS AGENT PROPOSES ROOSEVELT FOR REFEREE

Roosevelt for referee. Sounds fine. Big stick, big heavyweights, big crowd, big fight. It is Jack Johnson, nee "Little Arthar Johnson," who proposed it which shows that one Johnson has brains in his head as well as his hands. After Roosevelt's letter from South Africa about the Johnson-Ketchell fight had been made public, Johnson was so chesky over it that he sat down in his private waiting room and hurriedly penned a message to the editor, (not the sporting editor, but the real, for sure, editor, mind you) in which he proposed Theodore Roosevelt for referee of the Jeffries-Johnson fight.

Great scheme and sure to attract much attention to Johnson. The above remark about brains applies to this same fighter, for any pug with brains enough to hire as clever a press agent as Jack J. has at present, deserves the credit for his press agent's originality. Jack lovingly signed his telegram "your champion" Jack Johnson. Imagine a same man signing a telegram yours truly, yours affectionately, truly yours or anything but plain Jack, John or Bill. The personal pronoun which contains but one letter and it a capital one, is liberally sprinkled through the document, showing that Johnson's press representative overlooked no bet when he published his alleged telegram to the world.

Here it is in its entirety. Do your worst:

"Boston, Jan. 16.
"Editor New York American:
"Sir--Ex-president Roosevelt, ought to be a good authority. He has been boxing himself and should know the merits of both men. He has studied both men carefully, and I think he should make a good referee, being our nation's chief leader, and a great leader was he.
"I am satisfied if the club would choose him as referee, it would satisfy me to a queen's taste. He is cool and collected and no one can rattle him and get his goat, like they would a lot of fellows who have their names down as referees. Your champion,
"Jack Johnson."

PAULHAN TAKES BIG SUM IN AVIATION CASH PRIZES

Los Angeles, Cal., Jan. 21.—It pays to be an aviator. In 10 days Louis Paulhan carried off \$18,000 in cash at the Los Angeles meeting. Other participants also took away goodly sums, but Paulhan takes more than three times as much as any other flyer.

The meeting has closed. Financially it was a success and the promoters who guaranteed the success of the meet will get all their money back. While Paulhan took more cash prizes, Curtiss demonstrated that his American machine was the swiftest and won all speed contests from the European and his foreign machines—the Farman aeroplane and the Bleriot monoplane.

The Curtiss machines won all the prizes for speed, quick starts, perfect land, and those events where a light, swift machine showed best.

Paulhan won all the cross country, passenger carrying and endurance tests, having a heavier, slower machine and an engine which he trusts absolutely. Paulhan took \$18,000 in prizes and broke the world's records for altitude and for cross country flights alone and with a passenger. Curtiss broke no world's record and took less than \$5000 in prizes—\$4250.

American and Foreign Rivals Race.

Curtiss and Paulhan—the great rivals of the meet—furnished the excitement for the closing day. Paulhan went up at 3:25 o'clock for an endurance flight. After he had gone two or three laps of the course, Curtiss started on a 10 lap speed trial, half a lap or more than three-quarters of a mile behind Paulhan.

Instantly it was seen that a great race was in prospect—the first real race of the meet. The two aeroplanes came over the grandstand at the speed of express trains. Curtiss was gaining. He swept swiftly on Paulhan and on the third lap after starting he passed him, forged ahead by half a lap. It was no race after that.

The American machine was demonstrated as the faster beyond question. As Curtiss rushed over Paulhan, he received the greatest applause that any of his efforts had gained. Paulhan went on until he had traveled 64.4 miles and had been in the air nearly an hour and a half. Curtiss came down after a 30 mile trip.

ROUND ROBINERS TO CLOSE MATCH

Players Must Complete the Scores by February 1 at Country Club Links.

All ye round robins whist yourselves to the Country club golf grounds and play off the remainder of the round robin matches before the end of February. This edict was announced by captain A. W. House and C. H. Leavell of the two opposing teams. Any games not played before that date, they have decided, will be estimated on a basis of the average score made up to that time.

"It is well," some of the high toned dry land shiners players say, while others prefer to make their own scores rather than have them lumped off by the captains.

Prizes have been offered for the best aggregate score and also the best composite score both in the A and B classes. A special prize will also be offered for the chap who beats it around the bushes in the lowest number of strokes for 18 holes during the contest. The round robin contest, which is being participated in by practically all of the golfers at the club, has been in progress since the memory of man running not to the contrary.

EL PASO LOSES TO FT. WORTH BY 52 PINS

Nations Defeat Zozaya's Team—Bowling at the Post Alleys.

Following on the heels of the announcement that the El Paso bowling team, in the Texas telegraph tournament was the best by test, in the west, was inevitable, had not and never could be beaten, was sure to finish first in the tournament, and a lot of the same: Fort Worth kicked the underpinning from under the local telegraph bowlers Thursday night and landed them in the also ran class.

Fort Worth made good her threat to whip the El Paso team to frothy custard and then sprinkle a pinch of autumn for flavor. The margin of the east Texas sock handlers was but 52 pins, but the bowling games, like battles, have been won and lost since the beginning of history on just such narrow margins.

El Paso must be content with the lonely fact that on points she is in the lead in the telegraph league. But the contest is not being conducted on the point system.

El Paso now ranks with Beaumont in the race for the championship of the tournament and the much coveted silver trophy cup. The scores made by the members of the local team and the team scores of the other Texas bowlers were as follows:

El Paso.	1	2	3	Tl.
Foster	189	125	164	538
Stetum	150	168	170	488
Sukerman	165	183	162	510

While the telegraph team was going down to inglorious defeat, the first in its history, the Zozaya team in the regular Y. M. C. A. tournament was doing the same before the onslaughts of the Nationals. The scores of this match were:

Nationals.	1	2	3	Tl.
Schultz	161	129	163	453
Evans	147	145	144	436
Hardicker	160	188	136	484
